

Getting Started

with Your Connected Home System

Login Information

Username: _____

Password: _____

Online Account

1 LOG IN – www.alarm.com/login

Log in using the username/password provided by your installer to manage and view your system from the Homepage.

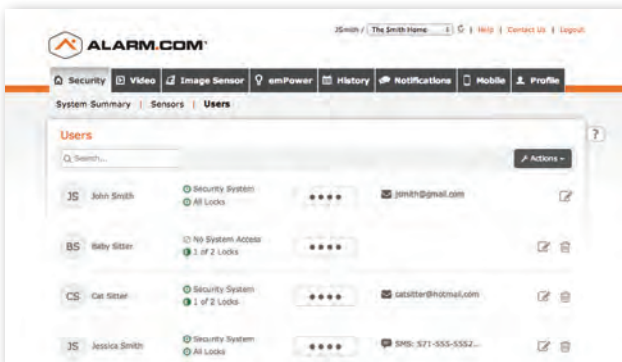

2 SET UP USER CODES

Set up user codes for your family members, friends, dog walker, nanny or anyone who has access to arm/disarm your panel.

▶ **Profile > Manage Logins > Add a Login > Submit**

Also assign user-specific access, permanent or temporary, to selected access points (security system, locks, etc.) for a specific date and time range.

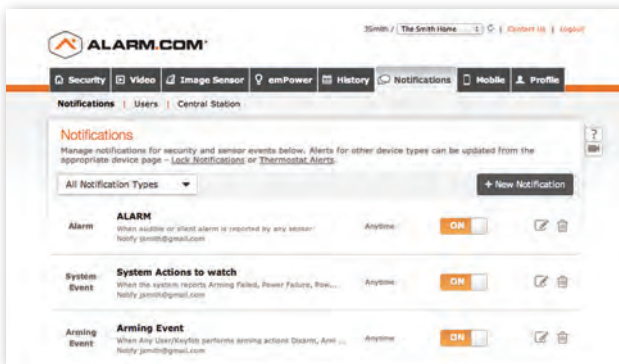

▶ **Security > Users > Actions > Add Temporary User**

3 CONFIGURE NOTIFICATIONS

Receive real-time alerts (text, email or push) due to a system occurrence, such as the system reporting an alarm, if someone forgets to arm the system, or if a door is left open. You can also add and manage notifications from the Alarm.com Mobile App.

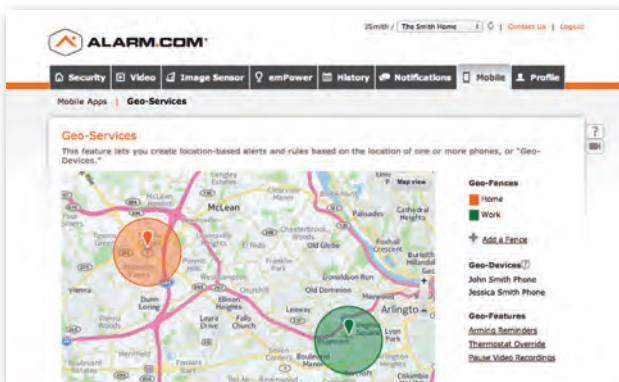

- ▶ **Notifications > + New Notification > Select default or customize your own > + Add Recipient > Save Notification**

4 ENABLE GEO-SERVICES

Create Geo-Fences to enable location-based rules and alerts that automatically adjust your home's settings. Geo-Services uses the location of your smartphone to detect when you're leaving or approaching your home. You must first enable location services in the Mobile App before configuring Geo-Services on the Alarm.com website.

- ▶ **Enable on Mobile App > Online Account > Mobile tab > Geo-Services > + Add a Fence > Position the fence in the desired area**

Getting Started with Your Free Alarm.com

Mobile App

1 DOWNLOAD THE APP

The Alarm.com app is available for free download on Android Play Store; App Store (iPhone, iPad, Apple Watch); Windows Phone Marketplace; Amazon App Store for Kindle Fire; and for Pebble Watch.

2 NAVIGATE THE DASHBOARD

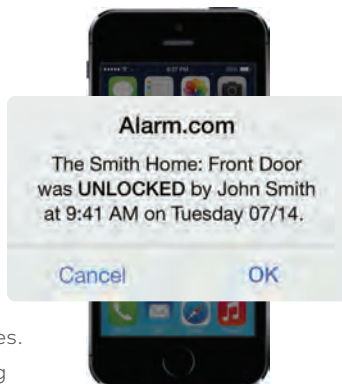

View and control your system from the palm of your hand with the easy-to-navigate Dashboard. Arm and Disarm your panel, adjust Lights, Locks, Thermostats and Garage Doors.*

**These services are only available on certain plans. Please contact your security dealer for more information.*

3 ENABLE NOTIFICATIONS

Click Notifications to add or manage your text and email notifications on-the-go.

Go to the Settings menu to enable Push Notifications so you can know the minute something meaningful happens at home.

4 ACTIVATE GEO-SERVICES

Enable automatic rules and alerts based on your phone's location through Geo-Services.

Be alerted if you've left home without arming your system, pause video recordings for privacy, and have your thermostat adjust when you're approaching home.

▶ **Settings menu > Geo-Services > Toggle to ON > complete process on Alarm.com website**

TIP: CREATE MOBILE APP PASSCODE

Give yourself an extra layer of protection by creating a Mobile App Passcode. If you lose your phone, you can safeguard access to your account. Simply disable Automatic Login through the Mobile Apps menu from your Online Account.
